Unparalleled value and protection.

WHY IT WORKS

The SafeGuard Protection Plan is a simple yet effective way to secure the value of any lifestyle purchase. A percentage of your purchase price is added to our pool of funds that is held in trust and managed by Clariant Capital Corporation, a Toronto-based financial firm who are experts in Insured Structured Financial Programs and act as the Trustee for the SafeGuard program.

JONES BROWN

Unique to SafeGuard, that trust is then insured by Lloyds of London through Jones Brown, our representing insurance broker who is also based in Toronto, against any unlikely variation in the growth of funds, ensuring that each owner is guaranteed to receive 100% of their initial purchase price back at the end of their specified term. Not subject to any market fluctuation or variables, your funds are absolutely guaranteed at the end of your Protection Plan term.

The only program where you can benefit from your lifestyle real estate and be guaranteed to receive your full initial purchase price back over time - securing and enhancing the value of ownership.
