

THE *ULTIMATE* LOYALTY PROGRAM

## LOYALTY CASH BACK PROGRAM FOR SOLAR ENERGY PRODUCTS

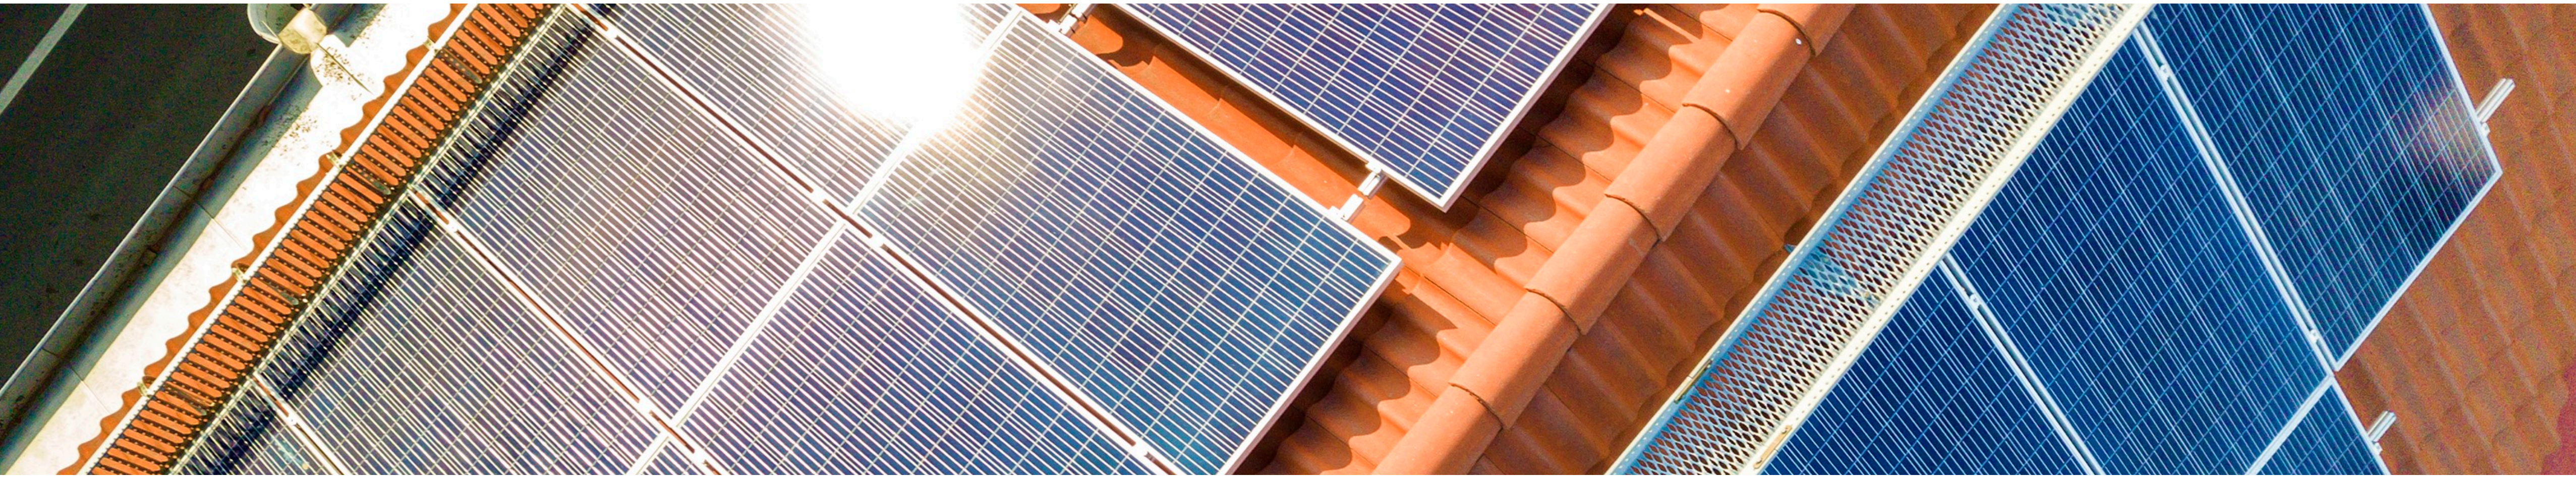

The SafeGuard Loyalty Program significantly offsets the costs of solar energy products over time. Earn Loyalty Cash Back Rewards for each year of ownership which can be used towards additional purchases at any time, or saved up and redeemed for cash, up to a maximum of 100% of your purchase value in accordance with the program's flexible redemption options.

# BENEFIT FROM A FLEXIBLE LOYALTY PROGRAM

FOR EVEN MORE VALUE FROM YOUR SOLAR ENERGY PURCHASES

SafeGuard provides a guaranteed 100% cash back option with flexible early redemption options.

## 100% CASH BACK GUARANTEE

Simply complete the full duration of the loyalty program term, and you will receive back the total amount of your purchase, while still retaining the product, completely offsetting the cost of your solar energy purchase.

## PURCHASE WITH LOYALTY CREDITS

Alternatively, you can use your total amount of accrued Loyalty Credits towards any qualifying purchase with the same vendor at any time during the loyalty program term so long as the new purchase also includes a new loyalty program.

## EARLY CASH REDEMPTION

You also have the option to cash out early at any time during the second half of the program term. If you sell your home during the first half of the program term you will receive 80% value of the accrued Loyalty Credits.

The SafeGuard Loyalty Program offers a series of pre-determined outcomes after a pre-determined length of time based on loyalty.

SafeGuard LLC protects the program through an insured structured finance vehicle where the majority of each program fee is placed in a pool of funds that is held in trust and protected by insurance. The fund grows with guaranteed rates of return to exceed the payout amounts, and is insured with a suite of policies from A-Rated insurers (Swiss RE, Lloyds of London) and a Financial Guaranty policy that covers any unforeseen event including shortfall of funds, thereby guaranteeing all qualifying payouts.

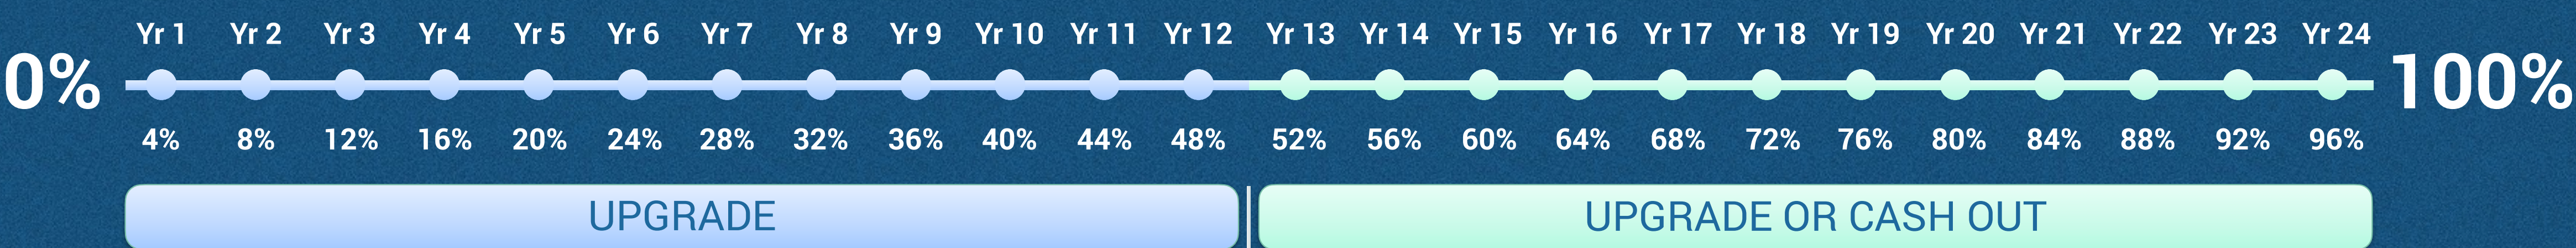

# GUARANTEED CASH BACK OR LOYALTY CREDIT REDEMPTION OPTIONS

BE REWARDED FOR YOUR CONTINUED LOYALTY

Your solar energy purchase includes a loyalty program that provides annual rewards and early redemption options.

## 25-YEAR LOYALTY PROGRAM EXAMPLE WITH ANNUAL REDEMPTION OPTIONS

You will accrue Loyalty Credits annually and may redeem them one-time towards a new purchase, or in cash when applicable as illustrated above.

You are provided with a guaranteed 100% cash back option at the end of the program term. Alternatively, you may use accrued loyalty credits at any time if you are making a new purchase with the same vendor when including a new loyalty program with the new purchase. Or, you can redeem as cash at any time during the second half of the program term. If you sell your home during the first half of the program term you will receive 80% value of current loyalty credits in cash. Any redemption marks the end of the loyalty program.
